AWESOME stories

Changes

We thought We should map out our future Change Redefines the boundaries

We tried To script our careers Change Pushes us in new directions

We charted Plans for our marriage Change Forces us off course

We resolved To keep order in our lives Change Upsets our patterns We hoped For peace of mind Change Looms overhead

We have learned

Ignore the direction Of change Regret The consequences

Resist the demands Of change Lament Inflexibility

Disregard the power Of change Rue Its presence

> Change Our dictatorial Family member

Ever present Ever relentless
