ENTER MY WORLD

By Janice Veldman

you need to reach me not make me reach you this is a set-up for failure for it cannot happen

do not argue tell me it is all right offer words of pseudo encouragement

avoid all signs that you are not listening unable to reach me

what has worked
in your world of problem solving
will not work in this world
this world is not based on
logic, order, and for that matter problem-solving.

this is not your problem. I am not your problem.

this is an illness which lacks understanding

if able find a safe, momentary rock upon which to stand in the midst of instability.

if you must use strategy then find the lost key that will open the door allowing you to enter my world
